The Texas Tech University Health Sciences Center El Paso Paul L. Foster School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

This activity has been approved for *AMA PRA Category 1 Credit*.™

University Medical Center of El Paso is approved as a provider of nursing continuing professional development by New Mexico Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

This activity is eligible for ACPE credit; see the final CPE activity announcement for specific details

Overview and Target Audience:

This program will review approaches to common toxicological problems and poisonings of high morbidity and mortality, with an emphasis on evidence-based clinical management of the poisoned patient. This educational activity is designed for physicians, advanced practice providers, nurses, and pharmacists, in particular those working in emergency medicine, internal medicine, pediatrics, critical care, and family medicine. It will particularly interest those preparing to take the certification exam for Certified Specialists in Poison Information (CSPI), as well as those preparing for board certification or recertification in emergency medicine.

Provided by Texas Tech University Health Sciences Center El Paso Department of Emergency Medicine, University Medical Center of El Paso, West Texas Poison Center and Southwest Center for Pediatric Environmental Health.
